This Data Protection Notice explains how we may use your details. It tells you about the registers and databases that we and others have in place, which help to detect and prevent fraudulent applications and claims, and must be shown to any party related to this insurance.

All phone calls relating to applications and claims may be monitored and recorded and the recordings used for fraud prevention and detection, training and quality control purposes.

## MOTOR INSURANCE DATABASE

Information relating to your insurance policy will be added to the Motor Insurance Database (MID) which is managed by the Motor Insurers' Bureau (MIB). The MID and the data stored on it may be used by certain statutory and/or authorised bodies including the Police, the DVLA, the DVANI, the Insurance Fraud Bureau and other bodies permitted by law for purposes not limited to but including:

- i. Electronic Licensing;
- ii. Continuous Insurance Enforcement;
- iii. Law enforcement (prevention, detection, apprehension and/or prosecution of offenders);
- iv. The provision of government services and/or other services aimed at reducing the level and incidence of uninsured driving.

If you are involved in a road traffic accident (either in the UK, the EEA or certain other territories), insurers and/or the MIB may search the MID to obtain relevant information. Persons (including their appointed representatives) pursuing a claim in respect of a road traffic accident (including citizens of other countries) may also obtain relevant information which is held on the MID.

It is vital that the MID holds your correct registration number. If it is incorrectly shown on the MID you are at risk of having your vehicle seized by the Police. You can check that your correct registration number details are shown on the MID at [www.askmid.com](http://www.askmid.com).

## DETECTING AND PREVENTING FRAUD

In order to keep premiums as low as possible for all of our customers, we participate in a number of industry initiatives to aid the prevention and detection of crime, especially insurance related fraud. We pass information to the Claims and Underwriting Exchange Register and the Motor Insurance Anti-Fraud and Theft Register operated by the Motor Insurers' Bureau (MIB). We may search these registers and any other relevant databases in order to make decisions regarding the provision and administration of insurance and, when you make a claim, to validate your claims history or that of any person or property likely to be involved in the claim.

As part of our anti-fraud processes, information will be passed to third party credit reference agencies for the purposes of identity verification only. As part of the identity verification process, your information will be checked against a range of databases/registers and a 'soft footprint' will be left on your credit file for a period of 12 months. Unlike standard credit checks, soft footprints do not affect your credit score and you are the only person who can view them on your credit report.
